Join Douglas Kent, ASCM's Executive Vice President of Corporate and Strategic Alliances, for an engaging exploration of the current state of supply chain stability in an era marked by unprecedented disruptions. This session will delve into the multitude of challenges organizations face, emphasizing that there is no singular "new normal." Instead, recurring macro themes continually test the resiliency of supply chains worldwide.

Through an interactive format, attendees will engage in thought-provoking discussions and real-time problem-solving exercises. The session will also feature insights from the Supply Chain Maturity Index, co-created in collaboration with KPMG, providing a valuable framework for assessing and enhancing supply chain capability.

Don't miss this opportunity to gain critical insights and practical strategies for navigating the complexities of today's supply chain landscape!
